

Infinity Box

The Chip

Processor: SC9820E by Unisoc
CPU: 1.3GHz Quad-core, 64 bit
ARM Cortex-A53

Modules

GPS/Galileo/GLONASS/BeiDou Included.
AGPS supported.
WIFI 802.11 b/g/n 2.4GHz Included.
BLE 4.0 Included.

Memory & Storage

ROM: 4 GB
RAM: 512 MB
Storage: 4 GB

Cellular Bands

2G: 1900/1800/850/900 MHz
3G: 900/1900/2100 MHz
LTE-FDD (4G): 1900/1800/1700/700/800 MHz

4FF (Nano) SIM card included for connectivity.

Voice

Speaker Included
Microphone Included
VoIP included

Certificate

FCC, CE, SAR, RoHS

Battery

1000 mAh Lithium Ion
Can last up to 1 week of usage.
Charging using a docking station with USB cable

Size & Weight

Size: 2.0" X 1.8" X 0.59"
Weight: 1.5 Ounce

Waterproof

IP67 waterproof protection
for dust and water

1 Button

1 Middle button that you can control. Single press, Double press, Long press (3 seconds)

LED

Red LED: The red LED indicates charging.
Blue LED: You can turn it on/off from the Infinity SDK

Sensors

Motion Included
G-Sensor Included
Drop detection Included
Gyroscope Included
Accelerometer Included
Vibration Included
